

{1} Active Tickets (42 résultats)

- List all active tickets by priority.
- Color each row based on priority.

Ticket	Résumé	Composant	Version	Jalon	Type	Propriétaire	Status	Created
#39	End to end response time too much pessimistic	binaries		Unknown	Bug		new	06/17/08
#136	Multiprocessor system shared data problem	framework		Unknown	Bug		reopened	10/15/13
#138	Project with several components problem	framework		Unknown	Bug		new	10/15/13
#169	Partitioned scheduling does not work as it should	framework	trunk	Unknown	Bug		new	06/14/19
#22	Worst case task response time with POSIX 1003	binaries		Unknown	Feature		new	05/20/08
#84	Increase flexibility to describe AADL data usage by threads	framework		Unknown	Feature		new	06/17/08
#85	Common variables between processors	framework		Unknown	Feature		new	06/17/08
#87	Multiples dimensions array in .sc files	framework		Unknown	Feature		new	06/17/08
#88	Unable/Disable task preemption	framework		Unknown	Feature		new	06/17/08
#89	Functions and procedures in the .sc file parser	framework		Unknown	Feature		new	06/17/08
#92	Cheddar configuration	framework		Unknown	Feature		new	06/17/08
#94	Message scheduling features	framework		Unknown	Feature		new	06/17/08
#6	Cheddar Crash in AADL import modification	framework	trunk	Unknown	Bug		assigned	03/04/08
#7	small memory leak in simulation	framework	trunk	Unknown	Bug		new	03/06/08
#14	Automata user-defined scheduler interpreter	framework		Unknown	Bug		new	04/08/08
#17	EDF non preemptive and periodic tasks	framework	trunk	Unknown	Bug		new	05/05/08
#18	LLF non preemptive and periodic tasks	framework	trunk	Unknown	Bug		new	05/05/08
#33	Extra type error with random variable of .sc program	framework		Unknown	Bug		new	06/06/08
#35	Missing integrity check with Partitionning RM algorithms	framework		Unknown	Bug		new	06/06/08
#36	Default AADL property files	framework	trunk	Unknown	Bug		new	06/17/08
#40	AADL project import	framework		Unknown	Bug		new	06/17/08
#41	AADL component without implementation	framework		Unknown	Bug		new	06/17/08
#42	Parametric scheduler : double user defined parameters	framework		Unknown	Bug		new	06/17/08
#43	Problem with General task partitioning	framework		Unknown	Bug		new	06/17/08
#44	Utilization cpu factor test for preemptive DM	framework		Unknown	Bug		new	06/17/08
#120	No unit of time with AADL models are imported	framework		Unknown	Bug		new	11/02/09
#139	event table computing problem with parametric scheduler	framework		Unknown	Bug		new	10/17/13
#142	Precedence dependence with multi core	framework		Unknown	Bug		new	04/04/14

Ticket	Résumé	Composant	Version	Jalon	Type	Propriétaire	Status	Created
#152	Offset and start time attributes of task	framework		Unknown	Bug		new	01/13/16
#166	XML event table printer	binaries		Unknown	Bug		new	05/03/18
#168	Wrong feasibility test on EDF	binaries		Unknown	Bug	S. rubini	new	12/20/18
#4	New Information in simulation diagram	graphical_editor	trunk	Unknown	Feature	Jerome	new	03/04/08
#13	Cheddar project file backup (crash)	graphical_editor	trunk	Unknown	Feature		new	04/03/08
#23	Entry widget for directory/file name	graphical_editor		Unknown	Feature		new	05/20/08
#24	Display on the GANNT task release time	graphical_editor		Unknown	Feature		new	05/20/08
#31	Update of the working directory	graphical_editor		Unknown	Feature		new	06/06/08
#83	Allow feasibility tests for periodic tasks to be applied on sporadic tasks.	framework		Unknown	Feature		new	06/17/08
#90	User defined size array	framework		Unknown	Feature		new	06/17/08
#91	"for" range	framework		Unknown	Feature		new	06/17/08
#118	Scheduling simulatio with varying task capacity	framework		Unknown	Feature		new	11/02/09
#129	Export attributes of network entity in .sc files	framework		Unknown	Feature		new	01/12/11
#25	Message scheduling does not work any more	binaries		Unknown	Task		new	05/20/08
